<div align="center">**Meeting Minutes -- IS607 Project 3**</div>

Date: October 20, 2016
Time: 9:15 PM
Attendees: Judd Andermann, Ka Man Chan, Marco Siqueira Campos, Scott Ogden, Sharon Morris, Tahla Muhammad, Yefei Li

Discussion
- Data
  - LinkedIn, KDNuggets and Dice.com data have been scraped and cleaned
  - All data and code have been posted to Github
  - Jose will use R-script to pull the data directly into MYSQL from R instead of creating CSV files
  - Jose will pull all 3 data sources into a data table
  - Data will be aggregated by skills categories
  - Missing values will be coded as NA

- Database
  - Three tables
    - Skills table, ID and skill
    - User profile table
    - Jobs tables
- Next meeting
  - Saturday October, 22 -- 6:00PM
    - Agenda
      - Analysis review
